### YOUR ROLE :

As part of a newly-created position as Financial Controller, you will join the five-strong Finance team. As Financial Controller, you will organise and control the company's economic and financial management in support of the Finance and Administration Director, and optimise its financial profitability in line with the strategic choices made by management and the regulations in force (commercial, tax and financial). You will carry out forward-looking studies on the company's results. You will be responsible for the Western Business Unit, which includes 8 companies in 7 countries (Austria, Czech Republic, Netherlands, France, Spain, Turkey and Germany).

In this role, you will be responsible for the following tasks:

- Creating, configuring and developing an accounting and financial management information system
- Managing the company's operational performance
- Participating in defining the financial strategy

- Helping to steer the implementation of the financial strategy.

## ABOUT YOU :

With 3 years' higher education or equivalent experience in finance or management control, you will have at least 2 years' experience in a similar role, ideally in an industrial environment. You will be organised and have good interpersonal skills, as well as being rigorous and precise in your work. You have the ability to work on a wide range of subjects and are a team player. You have a good command of written and spoken professional English (level C1 on the TOEIC scale).

## WHAT WE CAN OFFER YOU

A stimulating international environment that values your strengths, your ideas and your commitment! Quality of life at work is important to us.

Work-life balance :
