

Title:

DIGITAL PROCESS COORDINATOR

About Bufab

Bufab's business is about dedication, speed and trust. We deliver sustainable solutions, not products. We are a large family of strong entrepreneurs with big hearts and we believe in personal initiative locally to drive the business forward. We are dedicated to always deliver our customers' C-Parts needs and we believe in global teamwork using the Bufab Best Practice to provide the best solutions for our customers. Or as we say: **we are Solutionists.**

Today, we are over 1800 team members in 28 countries. Our team members are what make our success. We offer freedom, responsibility and development opportunities within a highly international and entrepreneurial company. At the same time, Bufab retains a lot of the down-to-earth and personable feeling that we have had, since our foundation in 1977.

About the position

Summary

Bufab strives to be the Sustainable Leader in our industry and continue to develop a sustainable world class supplier base. The purpose of the role Digital Processes Coordinator is to provide the proper business analysis to support decision making and to ensure that the sourcing & sustainability- data, tools and processes are used in the correct way to support supplier consolidation, science-based target initiative, CRSD and sales growth by actively supporting people. The systems and processes should guide Bufab acting professionally, efficiently with predictability, providing a sustainable framework for World's Best Supplier Base.

Responsibilities:
